

## FRUIT AND VEGETABLES PLENTIFUL ON MARKET

Few Changes From Last Week Are  
Noted in Price Quo-  
tations.

Lamb and Beefsteak Lower for Less  
Desirable Cuts, While Veal  
Is Higher.

The markets of the city were again  
this morning well supplied with fruits  
and vegetables of all kinds. These  
with other foodstuffs were piled high  
on the benches of the dealers in most  
tempting display.

For the first time in many weeks  
prices on fruits and vegetables remain  
unchanged from the previous week.  
Few changes are noted on other good  
things for the table.

### Some Changes Noted.

Lamb and beefsteak, which have  
been ranging high in price, are 3 cents  
a pound cheaper on the less desirable  
cuts. Veal has taken a jump of 5 cents  
a pound.

Halibut, rockfish and clams are sell-  
ing higher than they did a week ago.  
Dealers announce a drop in bluefish  
prices.  
There seemed to be a good supply of  
eggs on sale in the markets. They are  
selling at prices that have prevailed  
for the past month.  
Apples are appearing in increasing  
quantities and varieties and can be  
bought at 10 cents a quarter peck.  
Though the summer season is drawing  
to a close, green peas are still on sale,  
but are high priced.

GOOD SUPPLIES OF FISH.

Demand Good and Prices Unchanged

From Early in Week.

Wholesale dealers in seafood at the  
wharf market report fairly good sup-  
plies of butters, croakers and sea bass  
on sale, but the more choice fish, blues,  
Spanish mackerel, rock and the like,  
continue rather scarce. Some few fish  
are being received from the nets in the  
Potomac and along Chesapeake bay,  
but the bulk of the stuff on sale is  
coming from the fisheries on the Jersey  
coast and about Norfolk. The demand  
is good, and buyers were on hand this  
morning in numbers. Prices remain un-  
changed from early in the week and  
range about as follows: Spanish  
mackerel, 15 cents per pound; bluefish,  
15 to 16 cents per pound; rock, 12 1/2 to  
15 cents per pound; cod, 5 to 6 cents  
per pound; white perch, 12 1/2 to 15  
cents per pound; halibut, 15 to 16 cents  
per pound; spot, 6 cents per pound;  
Potomac bass, 20 cents per pound; cat-  
fish, 25 to 40 cents per pound; eels, 5

per pound; gray trout, \$6 to \$13.50 per bar-  
rel; croakers, \$10.50 to \$11 per barrel;

Soft crabs are still on the market at  
from 50 cents to \$1 a dozen, hard crabs  
are scarce and sell at \$2.50 to \$3 per

tween 14th and 15th streets, will be

Dyestuff Publicity Objected To.

Consideration is being given by Sec-  
retary Redfield of the Department of  
Commerce to protests filed by dyestuffs  
importers against the publication of the  
dyestuffs census which the bureau  
of foreign and domestic commerce has  
just completed. The main objection of  
the protestants is to the publication of  
the names of the German dyestuffs  
manufacturers with whom the American  
importers deal. It is possible that this  
information will be taken out of the  
report before it is published in its  
final form. Page proofs of the report  
already have been made public by the  
bureau.

## EARL GODWIN THROWN OUT IN AUTOMOBILE COLLISION

With Family Escapes Serious Injury  
When Fast Driven Car Strikes  
His—Others Gravely Hurt.

Earl Godwin, 3306 Highland avenue  
northwest, of the news staff of The Star,  
while driving with his wife, youngest  
son and nurse on the Trenton road near  
Brunswick, N. J., yesterday afternoon,  
narrowly escaped serious injury when  
another automobile traveling about  
fifty miles an hour, crashed into Mr.  
Godwin's car at a dangerous curve in  
the road.

Mr. Godwin was thrown from the  
automobile. The other occupants of his  
car were severely shaken up. Mrs. God-  
win received a slight cut over one eye.

The four occupants of the other  
automobile, which was owned by Ed-  
ward Peterson of Jersey City, were  
badly injured. Peterson suffered a  
broken leg and Warren Deacon, who  
badly fractured skull. Two women  
with them were cut and shaken so that  
they also had to have hospital treat-  
ment.

The injured were taken to St. Francis  
Hospital, a report from the hospital  
last night said that Mr. Deacon died  
a few minutes after reaching the hos-  
pital. In connection with the crash  
message to friends in Washington, Mr.  
Deacon said the latest word he had from  
the hospital was that Mr. Deacon was  
still living.

The commissioner of motor vehicles  
for the state has called a hearing on  
the case for October 4, and has stated  
that he will make a thorough investi-  
gation. Both cars were badly smashed.  
According to statements by Mr. God-  
win and others who witnessed the acci-  
dent, Mr. Godwin's car was on the  
right side of the road going north and  
the other car was on the right side  
proceeding south. Mr. Godwin was  
running about eight miles an hour and  
the Peterson car was making forty or  
fifty miles an hour.

Realizing the danger, Mr. Godwin  
drove his car off the road into the ditch  
in an effort to avert the collision. Wit-  
nesses say that the other car was  
going so fast it could not be held  
on the road, and the driver apparently  
lost his head and drove head-on into  
Mr. Godwin's party.

Mr. Peterson and his guests were on  
their way to the Trenton fair.

Mr. Godwin was driving his wife,  
Mrs. Godwin, son Stuart, and the  
nurse, Mrs. Riddle, to the home of Mrs.  
Godwin's mother, Mrs. Edward Easton,  
at Hackensack, N. J. They left Wash-  
ington Wednesday and were to have  
spent two weeks as guests of Mrs.  
Easton. After the accident Mr. Godwin  
sent telegrams to Mrs. Easton to  
send another automobile out to their  
relief, and to his mother, Mrs. Annie F.  
Godwin, 1466 Chapin street, this city.

In long distance telephone conver-  
sation with friends in Washington to-  
day Mr. Godwin said his party is suf-  
fering no ill effects of the shaking up  
they got, but that he hasn't a car any  
more.

## KEEP UNIFORMS CLEAN, MAJ. PULLMAN URGES

Importance of Maintaining Good  
Personal Appearance Impressed  
Upon Policemen of District.

Maj. Pullman, superintendent of po-  
lice, has advised members of his force  
that a good personal appearance is  
necessary to command respect.

"A little thought and a little gaso-  
line or soap and water will do wonders  
for those few men who have been  
noticed with spots on their clothes and  
caps," he said in an order issued to  
the force. "It is just as important for  
a man to have a uniform which is  
spotless and clean as it is for him to  
have a clean face and hands."

The chief of police quoted Inspector  
Calabrese, head of the training school  
of the police department, who said:  
"Men who keep themselves in good  
condition will be found to be neat and  
to take pride in their appearance. As  
a result their uniforms and equipments  
are always presentable. Patrolmen of  
this kind always command respect from  
the public. If an officer is sloppy in  
appearance and commands respect for  
his office, and looks as though he were  
able to control any situation with  
which he might be confronted, he will  
not have to use one-half the physical  
effort that a slow, careless or slovenly  
policeman would under the same cir-  
cumstances."

The order directs the sergeants to  
conduct a quick but thorough inspec-  
tion at each roll call, and directs the  
captains to talk over the question with  
their men, telling them the personal  
appearance of men on patrol beats and  
in traffic work is important.

Commerce Department Changes.

visionally appointed as messenger in the

## DYNAMITE IN VACANT HOUSE.

Excited Youth Locates It and Po-  
liceman Makes It Safe.

A dozen or more police were in  
line at the ninth precinct police sta-  
tion this morning, receiving orders  
from Capt. Henry Schneider, precinct  
commander, when suddenly the door  
opened and a young man, excited and  
almost breathless, rushed in and  
shouted in a feeble voice:

"There's a stick of dynamite in a  
house around here on G street."

Capt. Schneider told Motor Cycle  
Policeman Marks to make an investi-  
gation. Going to 712 G street north-  
east the policeman found a stick of  
dynamite, with fuse attached, in the  
kitchen cupboard of the vacant house.  
Two percussion caps attached to the  
fuse gave the dynamite a dangerous  
appearance.

Marks picked up the stick of ex-  
plosive and took it to the police sta-  
tion. When he reached the station  
and deposited the explosive in a tub of  
water in the back yard he gave a  
sigh of relief.

The police were told that Italians  
had occupied the house in which the  
dynamite was found. Some of them,  
it is stated, were engaged in railroad  
work.

Hongkong reports a shortage in car-  
bonic acid gas.

## SAY HOUSE WAS BURNED TO HIDE MURDER TRACES

Authorities Discover Body of Woman  
in Ruins and Place Husband  
in Arrest.

MOUNTAIN VIEW, N. H., September  
29.—Mrs. Frederick L. Small, wife of a  
Boston real estate broker, who was  
burned in a fire which destroyed the  
Small summer home at Lake Ossipee  
last night, was murdered, it was dis-  
covered when her body was taken from  
the ruins today. She had been beaten  
over the head and strangled by a rope  
tied around her neck.

The police believe the fire was set to  
cover the crime. By a mere chance,  
however, this failed. The body dropped  
into the basement, and the head and  
neck lodged in a pool of water. The  
rope, which had been drawn twice  
around the neck, was preserved.

Mr. Small, who had left his cottage  
on a business trip to Boston six hours  
before the fire was discovered, hurried  
back today to assist the police in their  
investigation. He said his wife was  
alone in the cottage when he departed.

Retired From Business.

Small retired from active business  
about three years ago, and purchased
